

The Value of Certification

A DRI International certification is the most widely recognized and respected business continuity certification in the world. In fact, nearly 100 percent of all Fortune 100 companies employ DRI Certified Professionals. Our certification is not for sale and cannot be obtained through alternate routes. Only hard work, demonstration of experience and commitment to the business continuity and resilience profession can earn you a DRI certification.

Our offerings are designed to meet the needs of public and private sector professionals in a variety of roles, including:

- Business Continuity
- Cyber Resilience
- Emergency Management
- Risk Management
- Disaster Response
- Crisis Management

About DRI International

Disaster Recovery Institute International (DRI) is the nonprofit that helps organizations around the world prepare for and recover from disasters by providing education, accreditation, and thought leadership in business continuity and related fields. Founded in 1988, DRI International has 15,000+ Certified Professionals in more than 100 countries and conducts native-language training in more than 50 countries, offering in-depth courses ranging from introductory to master's level, as well as specialty certifications. The organization's annual DRI Conference brings together leading business continuity professionals from both the public and private sector to share best practices and participate in continuing education and volunteerism.
